## About Kubu

How many times have  
you thought...  
Have I locked my door?  
We've all been there!

With Kubu you'll never have to worry if your  
doors are unlocked again.

Kubu uses smart and simple technology to  
monitor your locks in real-time. You'll be able  
to check the status of your door no matter  
where you are, at any time of the day, right  
from the Kubu app on your phone.

With Kubu, say goodbye to uncertainty and  
hello to peace-of-mind.

**Be sure it's secure**

# What does the Kubu App do?

It lets you see the status of your door (locked/unlocked)

Get notifications with every turn of the key.

From any place in the world when connected to the internet.

You can schedule notifications when you want.

At any time, day or night.

It shows the history of your doors.

On all the doors in your home.

You can share your door with family and friends.

On all the homes that you look after.

Its perimeter feature helps to prevent you from leaving your home unlocked.

## Kubu Smart Kit

You will need doors with Kubu Equipped Locks installed before you can purchase a Kubu Smart Kit and download the Kubu app.

Don't have doors with Kubu Equipped Locks? Not to worry, we've got a network of Kubu Pro Installers who will fit the highest quality doors for you. Get a free quote from an installer online: [kubu-home.com](https://kubu-home.com).

Once you've got doors with Kubu Equipped Locks installed, you can purchase your Smart Kit directly on the Kubu website and we'll deliver it direct to your door.

In the Kubu Smart Kit, you'll receive one

home hub, one door module, batteries for your door module and a plug unit.

Purchasing one Kubu Smart Kit will allow you to activate one door. If you've had multiple Kubu Equipped Doors installed, you will need to purchase additional single door modules per each door fitted.

Overall, one home hub can connect to four door modules, so if you've had more than four doors installed with Kubu Equipped Locks, you will need to purchase an additional home hub.

If you're unsure what to purchase, give the Kubu Support team a call: [0330 555 9545](tel:03305559545)

## Installation & Set up

In your Kubu Smart Kit, you'll receive a quick start guide to help you with your installation and set up.

Simply follow the steps in your guide and any problems during set up, please contact the Kubu Support Team who are fully trained on all enquiries: [0330 555 9545](tel:03305559545)

Purchase your Kubu Home Hub and Door Module online

Fit the Door Module into your existing Kubu Equipped Door Lock

Plug in your Kubu Home Hub and connect to your wi-fi

Download the Kubu App and set up your doors

# Kubu perimeter notification

## How does the perimeter notification work?

Whether you're rushing out of the house to work or taking the kids to school, Kubu will prevent you from getting too far away from your home with your doors unlocked.

With the perimeter notification reminding you that you've left your door unlocked, you'll simply be able to turn back home and lock your door again.

If you have an Apple iPhone, your phone will check at regular intervals to see if you're disconnected from the home wi-fi. If you are disconnected from your wi-fi and your door is unlocked, then Kubu will notify you.

If you have an Android phone, as you disconnect from your home wi-fi network and to go to 3G or 4G, if your door is unlocked then Kubu will notify you.

## Receive real-time notifications

With Kubu, you will always know the status of your door, whether it's locked or unlocked. No matter where you are, you can receive notifications right from the Kubu app on your phone, when connected to the internet or 4G.

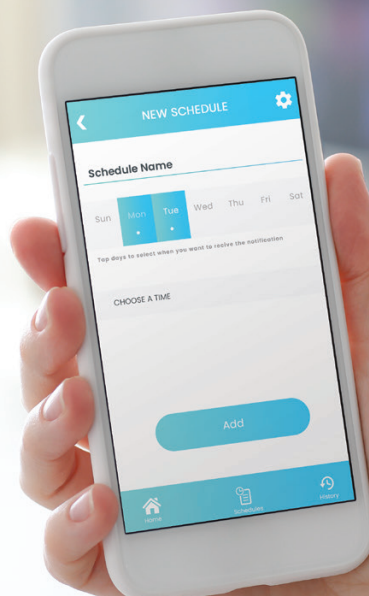

Kubu allows you to track activity and receive real-time notifications whenever someone enters and exits your home, so you'll always know when someone is coming and going.

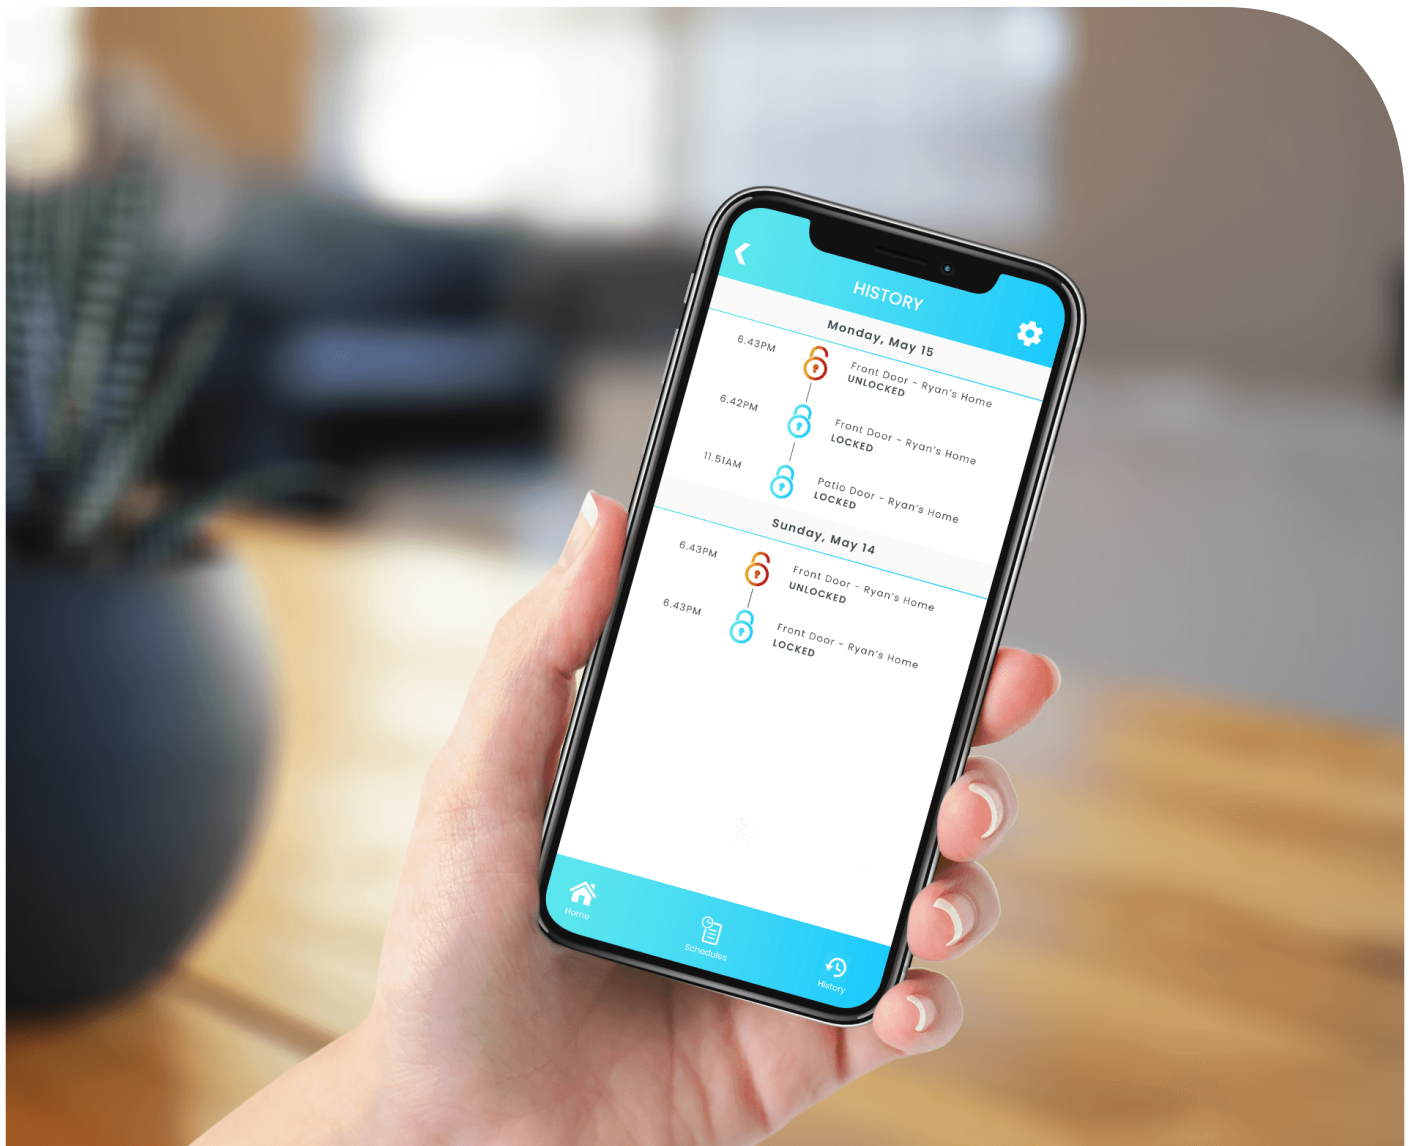

## Set schedules

The Kubu app allows you to set schedules for any time you want.

Simply pick a day and time when you'd like to be reminded of the status of your door and Kubu will send you a notification to let you know whether it's locked or unlocked.

If you'd like a reminder that your doors are locked at night, or if you want to check the kids have locked the door when they've come home from school; simply set up a schedule in the app and Kubu will send you a notification at that exact time and day.

## Check back through your history

Kubu allows you to check back through all of your door history. The app gives you a three month log of whenever someone has locked or unlocked your door.

If you get broken into, you will be able to identify the time and date, and see if your door was unlocked at the time of the break-in.

## Share Your Door

The Kubu App allows you to share doors with your friends and family, so everyone can benefit from knowing if their doors are secure.

Through the Kubu app, you can share your doors with up to four members.

For example, if you want to remind an elderly grandparent to lock their doors at night, simply ask them to share their doors with you. This will then enable you to see the status of their doors.

This feature allows the whole family to have peace-of-mind.

## The Kube Home Hub

The Kube Home Hub also acts as a visual indicator, so you can check whether your doors are locked or unlocked, simply by looking at the hub.

When the hub glows blue it indicates all of your doors are locked. If the hub glows orange, at least one of your doors is unlocked. You can then check the Kube app and find out which door is unlocked.

## Keep to the traditional way of locking while still getting smart

Kubu allows you to keep to the traditional way of locking using a key, while still getting smart.

Kubu isn't an automatic lock, meaning the only way anyone can enter your home is by using a key.

With Kubu, you won't have to worry if you've lost your phone or had it stolen – your door will still be secure.

# Kubu Equipped Door Lock Guarantee

The Kubu Equipped Door Lock has been designed and developed to work in perfect combination with the Kubu home hub, door module and app.

Why is the Kubu Equipped Door Lock so secure? It delivers the UK's largest hooks and centre dead bolt at 25mm, which makes for greater compression and security on a closed door. The Kubu Equipped Door Lock easily passes PAS 24 for security and is Secured By Design accredited.

The Kubu Equipped Door Lock automatically comes with a 10 year mechanical warranty.

However, if you want extra peace-of-mind, you can activate an additional 10 year and £1000 security guarantee. Meaning, if you get broken into due to a lock component failure, we will refund you up to £1000 on your home insurance excess. This additional guarantee can be activated online at: [www.kubu-home.com](http://www.kubu-home.com)

# Amazon Alexa Integrated

Kubu is not just a stand alone smart device, it integrates seamlessly into the home by communicating with your Amazon Alexa. You can easily add the Kubu skill to your Amazon Alexa account and be sure you are secure by simply asking a whole host of questions;

*"Alexa, ask Kubu if my doors are unlocked."*

*"Alexa, ask Kubu for the status of my front door."*

*"Alexa, ask Kubu when Front Door was last unlocked."*

## Your Life with Kubu

Your home security is incredibly important. We all lead busy lives where it's easy to forget simple every day actions like locking your doors.

Kubu is a smart and simple solution that will give you and your family guaranteed peace-of-mind.

Be sure it's secure
